HASAN TANIK MOSQUE, ANKARA, TURKEY

Light for one of the most impressive mosques in Turkey

"To illuminate the prayer hall underneath the main dome, the owner wished to have a huge chandelier of a modern design which was to provide a striking contrast to the atmosphere of Ottoman architecture. To fulfil this wish, the lighting planners from ZEVE Lighting decided to install three differently sized circles made of curved VIA tracks. These are equipped with 148 luminaires of the type Cristello. The VIA rings are suspended exactly 20 metres."...> [more](#)
